Mr. Cotton Grower: Is your cotton protected from the weather? Do you know that the present weather is causing a heavy loss to cotton that is exposed? If cotton is allowed to remain in your yard unprotected, it will cause a loss of several hundred dollars a bale by damaging the grade and staple. The Farmers Union Warehouse Company is prepared to furnish storage to the farmers of this section and county where their cotton will be protected from damage by rains at a cost that is small. Come in and let us explain how cheap you can store your cotton in our warehouse. Farmers Union Warehouse Company.

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. A neighbor told me of

BLACK-DRAUGHT

Liver Medicine

and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—got rid of the bile and have my usual clear head, feel full of pep, and could do twice the work."

Bilious attacks are "seasonal" with many people. Millions have taken "Thedford's Black-Draught" to ward off such attacks, and the good results they have reported should induce you to try it.

BUSINESS WITHOUT BANKS

HOW WOULD IT WORK?

How many mercantile houses could do business without banks? Mighty few.

How many manufacturers, railroads, farmers, professional men? Mighty few.

There's a highly logical reason and it applies to every man who believes in head-work as well as hard work. Our bank service is a potent means to a satisfactory end.

ATHLETIC DIRECTOR IS URGING GETTING CARD

In accordance with a decision made at the meeting of teachers at Decatur in October, several schools have sent to the county director of athletics at Stidell the basket ball entry card and have been placed on the eligible list for participation in the county schedule. All schools expecting to take part in basket ball are urged to get their cards from Austin and send them in that there may be no delay in getting the schedule under headway as already planned.

The schools on the eligible list to date by virtue of having sent in their cards are:

Paradise, Floyd Rowan, Coach, Newark, Floyd Le Fors, Coach, Greenwood, W. F. Haggard, Coach, Stidell, Cantrell Hayes, Coach.

The BULL'S EYE

Editor and General Manager WILL ROGERS

I see where some of the Foreign Nations say they are going to FUND their debt to America, and all the Papers are all excited about it. But the BULL'S EYE is a Paper that never misleads our readers (either one of them). FUNDING a debt means about the same thing as having a fellow that has owed you for years, come to you and say "I am going to make arrangements to take up that loan I owe you just as soon as I can collect it from some fellows who owe me." So don't be any means get FUNDING mixed up with PAYING. The two have nothing in common. These Nations are just stalling until another War comes along and the first thing you know our debt will be four Wars behind. We have enough saved up to fight again, but they are using it now to enforce Prohibition.

Oh, yes, "BULL" DURHAM. I like to forget to mention that. Well, that is what the Foreign Nations are paying us in. "BULL" DURHAM without the DURHAM.

Will Rogers

P. S. There is going to be another piece in this paper soon. Look for it.

But, say, mates, what would have been the results if the construction companies had been allowed to run the full season through?

Some claim that dirigibles are necessary, but we believe there are more humane means of reducing the navy personnel. Dallas News.

That mother who contends that young daughter "must have a good time" had better call in daughter and reach an agreement on the meaning of "good time."

Some of the state's most brilliant legal talent has been employed by the state highway department to contest the movement of Attorney General Moody to quaver some long-suffering staff under the big dome in Austin.

The high chief of police of Fort Worth excuses one of his men of the charge of slugging a jitney driver on the grounds that "he lost his head." Headless sluggers on the police force are dangerous to the pursuit of happiness of the law-abiding, we would think.

Coming events? Confined hard annual Christmas party and all-wise county pure bred poultry exposition, Decatur, Thursday, Friday, December 10th and 11th. Instruction schools for Wise county children and farmers, chamber of commerce hall, Decatur, Thursday and Friday, December 10th and 11th. At Axted Wednesday, December 2nd.

In an address to the State Federation of Women's Clubs, now holding their annual convention in Austin, President W. M. W. Spayn of the university urged that the club members become active in bringing about a wide reading and study of the Texas educational survey report. This report he termed one of the most important and helpful ever made to a Texas legislature. The legislature deserves high praise for making possible the report, which gives such an accurate view of the facts of the public school system of the state, and which contains suggestions which, if acted upon, will save millions of dollars to the taxpayers, and at the same time greatly increase the efficiency of the schools.

Bert Swor, the minstrel man with the Al G. Fields' aggregation, performed in Fort Worth the other night, being the star in the Fields' show. Old-timers will remember Swor as an amateur who performed at the "free and easy" Standard, in the colorful days of that house. Swor was a favorite with the patrons of the Standard, and when he would appear on the stage in a dance-skit, he would be showered with money, tossed on the floor by the audience. Don't you remember him finishing a clog-dance, and grinding through the burnt cork, yelling, "Emo me, white folks!" and how the nickels, dimes and quarters would rain at his feet. And, there were the girls in the abbreviated dress, passing Dutch snids in monster glasses to the thirsty in the motley gathering.

The Boston Store, one of the biggest department stores in Chicago, celebrated its semi-annual sale day last month by a record-breaking advertisement. The store carried six full pages in one Chicago paper, seven in another and ten pages in a third, while seven foreign language papers carried four full pages, making a total of fifty-one pages of display advertising by one store in one day. All sales records of the store were broken in the sale so advertised. No figures were given as to the sales, but they were given for another Chicago store, the Fair, which used fifteen pages in two Chicago papers and whose sales totaled \$480,000 for Monday, and whose business for that particular week showed a gain of more than a million dollars over the corresponding week of the year before. Denton Record-Chronicle.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by EAGLE DRUG HOUSE — Decatur

Martin, the Denton town bad man, who was recently convicted and given a ninety-nine years in state prison, is in for another set-to with the courts. Six new charges have been preferred against him by a Denton county grand jury.

We are not of a gambling turn, but we'll wager money, marbles or chalk this morning that Commissioner E. V. Landrum will give a princely sum if he had not been so unkindly in his task to that highway department clerk, who was discharged for "baiting."

The city has purchased and installed four "drive-to-the-right" signals, and automobile drivers are being treated to an experience in plotting their car to the right of these signals they have never had before. It is with great difficulty the turns are made when the corners next to the curbing are not congested with parked cars, and when cars are on the corners, it is impossible for the drivers to heed the signal. So, as long as the ordinance prohibiting cars being parked within fifteen feet of the corners of the square continues to be rigidly enforced by the Decatur auto drivers, the signals are failures. They are indicating in that they are not the driver's own mind to turn to the right, when it is a physical impossibility for him to do so, but in the space. They are dangerous to the safety of the motorist, and the square, because the traffic is being interfered in the turn, and it is doing so by only endangering the car, but once the signal is reached, the car parked on the corner. Decatur auto drivers, at least a majority of them, will pay no attention to the signals. They have, as a rule, other rules, or ordinances having to do with traffic in this town, and it is dollars to doughnuts this last ruling of the honorable city council will go the way of the others. So long as the officers, driving in charge the enforcement of the city council ordinances are, and filled with duties that keep them from looking after violations of the traffic laws, time and money are wasted in "baiting."

Concrete Streets in TEXAS

Brady

Brady, the County Seat of McCulloch County, worried along for awhile with dusty, bumpy streets in the business district. But one day some of its business men stopped to figure what unpaved streets were costing them. They found it would be a profitable investment to pave the public square—and pave it right. They demanded a pavement that would stand present traffic, yet not require costly maintenance. The problem was solved by selecting portland cement concrete.

The concrete mixer had been running only a few days when extensions were made to the initial project. Now Brady has 26,000 square yards of concrete paving; and like other Texas cities they will not be willing to stop until all the main streets are permanently paved.

How about the Public Square or Main Street in your town? You can have a pavement that is rigid, unyielding, skidproof—one that will carry any kind of traffic indefinitely, practically without repairs. Concrete paving has these qualities which are but few of many reasons for its rapidly growing popularity.

Our booklet R 4 tells other interesting things about concrete streets. Write for your copy

COOKE COUNTY VISIT
BENEFIT TO FARMERS

The successful planting of several hundred acres of sweet clover near Gainesville and its several years continuance as an all-around profitable farm crop, drew a party of Wise county men to Gainesville last week to see and investigate the venture with a crop that is exciting attention of farmers of this county. Those who made the trip, under the auspices of County Agent Warren and the chamber of commerce, were: A. C. Bennett, County Commissioner, Henry Walker, Jim Short, Will Meadows, Edgar McDonald, County Agent G. B. Warren and Cliff Cates.

Jack Mahan is the grower of the large acreage of clover in the Red river bottom on the Oklahoma side of the river north from Gainesville. He sows the crop either in the fall or spring and now has a crop that is just germinated with fall sown barley. Very early spring or extremely late winter is the time best recommended for sowing, however. In a 100-acre field of clover this year, Mr. Mahan ran more than eight hundred hogs and a large herd of cattle alternating this field with another in which sweet clover was growing. What he thinks of clover is demonstrated by the fact that he has used it regularly for five years in preference to alfalfa. He does not hesitate to make the claim that it is a wonderful all-around crop.

More facts of the trip will be given in a later issue.

Mrs. Mary Williamson
Dies at Rankin Home

Mrs. Mary A. Williamson, 75, died Saturday, November 14th, 1925, at the home of her daughter, Mrs. S. A. Rankin, after an eight-month illness. Funeral services were conducted from the Rankin home Sunday afternoon at three o'clock by Rev. Bert B. Hall. Interment was in the city cemetery.

Mrs. Williamson was a native of North Carolina. She came to Ellis county in 1878. Six years ago she came to Decatur to make her home with her daughter, Mr. Rankin. She was a good christian woman, a loyal member of the Methodist church, active in early childhood, she had united with the Presbyterians. She was married by her three children, Mr. S. A. Rankin, Mr. W. J. Wells, A. B. Williamson, three grand children and nine great-grandchildren. All of whom were present at the funeral with the exception of three. Her grand sons were the pall bearers.

Old-time Citizen Dies
Suddenly on Thursday

The community was shocked yesterday morning when it was learned that Mrs. Perry Roberts, living in the northwest part of town, had fallen dead, as a result of an attack of the heart. The good lady was apparently in good health, and had just finished her duties in the kitchen when the attack came on.

The sad news of Mrs. Roberts' passing will bring sorrow to this entire community, where she had lived so long. For many years Mr. and Mrs. Roberts lived in the Oak Grove community north of Decatur, but for about three years they had been living on the old John Gilliland place, which they purchased when they moved from the neighborhood north of town. Mrs. Roberts was a member of the pioneer Fullingim family, a name that is connected with the early day development of this section. She was a true christian lady, and a long-time member of the Methodist church.

Funeral services will be conducted at the First Methodist church this afternoon at two o'clock, and the interment will take place in the city cemetery.

Messenger extends sympathy to the bereaved husband, and the sisters and brothers. In Mrs. Roberts' untimely death the community loses one of its best beloved citizens.

Elmer George to Seek
Office of Treasurer

Elmer George, member of the well known family of that name, and one of the county's most prominent citizens, was in the city Wednesday from his home in Chico, and while here he informed his friends that he would be in the race for county treasurer at the coming election.

Mr. George is a product of this community, and he has a large circle of friends and acquaintances. He stated to the Messenger representative that shortly after January 1st he would make his formal announcement.

Newark Bank Robbery Case Given Hearing

(concluded from first page)

phone. Sheriff Workman at Decatur, was telephoned after Mr. Hudson came in from his farm. Mr. Allen stated that \$1,168 in currency was taken. He said he did not believe he could identify the money taken from his bank.

Other witnesses for the state, one a small boy, swore he saw Clifford Bailey near the bank building about noon, and another witness stated she saw the defendant in the vicinity about that time, and that his shirt front appeared to be bulged as though he had something concealed in it.

The defendant's attorneys placed only one witness on the stand in their turn, and he was Mr. Bailey, father of the accused young man. Mr. Bailey stated that he was a poor man and had been unable to secure the bond asked for his son's release.

Officers Workman, Gage and Carwright told of their visit to the scene of the bank robbery, and of the arrest of young Bailey in Fort Worth. About sixty dollars was found on Bailey when he was arrested.

Attorneys Burch and Leibel represented young Bailey and County Attorney Gatties appeared for the state in the trial, and following the pleas of the lawyers, Judge McKinney granted a reduction in the bonds.

Reports come to the Messenger that a confession has been made by the party who says he is implicated in the robbery.

No Definite Report on Bridgeport Oil Wells

The public is growing a little anxious for good news from the oil field, but as yet there is none. Drilling operations are going right ahead without any of the usual obstructions to hinder progress of the work, but no formations worthy of note have been reported.

Castleberry No. 1 is now drilling at 2210 feet and the bit is still going through shale. Ten-inch casing has been set at 1990 feet and it is not probable that any further trouble will appear from salt water or other difficulties often encountered. Mr. Flynn, who has charge of operations at the Castleberry well, has the utmost faith in finding oil in paying quantities and says at its present depth he expects the bit to penetrate the sand at any time.

The Texas Gulf Sulphur Co. of New Orleans is drilling an oil well at Westport. A half flow of gas was caught at 2010 feet, but no indications of oil. This is a Magnolia prospect and there is no opposition on its part to drilling activities.

Index, confidently, believes within the next few weeks that there will be an interesting story of the findings at either one or both of these wells. Bridgeport Index.

Baptist Church.

The faculty and students of Decatur College recently made a special offering of two hundred and seventy six dollars to general denominational causes, including missions, education and benevolences. This, together with the special offering at the church, makes over four hundred dollars over the regular budget subscriptions which have been paid in through the year. November 29th is the last Sunday before the state convention at Mineral Wells, and members who are behind on their subscriptions are making an earnest effort to pay up by that time. The Decatur church is in the front rank of the churches of the state in its loyalty and generosity to the work of the denomination.

Walter Jackson, educational director of the College Avenue Baptist church of Fort Worth, will speak at the local Baptist church next Sunday evening on, "Financing the Church thru the Sunday School." Mr. Jackson is not a preacher, but will be heard with special interest on account of his high character and usefulness as a christian worker. It is hoped that as many of the members will hear him as possible. He will explain the system of finances in operation in his church.

We are hoping for a large increase in attendance at Sunday school next Sunday. Teachers and workers are calling on unenlisted prospects this week and we are hoping for a fine crowd of new members.

Dr. W. A. Bond, head of the evangelistic department of our convention work in Texas, has been engaged to help in a revival meeting next April. He has had unusual success as a soul winner, and the whole community has reason to rejoice at the prospect of his coming.—R. E. Bell, Pastor.

County Auxiliaries of Baptists to Meet Soon

The next county meeting of the associational auxiliary of the Baptist church will be held in Alford December 10th. A very attractive program will be rendered by members of different auxiliaries of the county. Also speakers from Fort Worth will bring inspirational messages.

The local presidents are urged to be present and bring a large representation from their societies. The program in full will be printed later.—Mrs. Floyd Clifton, County President.

Mt. Zion M. E. Church.

The Sunday school is growing under the efficient leadership of Brother Shinn. Preaching Sunday morning at eleven a. m. The subject will be, "The Heart That Was Broken for You." This service will be especially helpful to all who have sorrows, burdens and cares that are almost too heavy to bear. At the evening hour a rare treat is in store for us. Two interesting speakers from Decatur will be present and talk.

Invite neighbor and friend to visit both services. We appreciate the honor Brother Hall bestowed upon us in having us to preach for him last Sunday night at Decatur. Outler D. Goss.

Service As Important As Selling Gas

Between the mere sale of a commodity such as natural gas and the giving of good natural gas service there is a wide difference.

First, paying the commodity on sale value and not as it may be obtained, such as is done with ordinary merchandise, does not meet the needs of this community. They want a service more than that.

Second, they want a continuous supply of gas. Imagine what would happen if the gas supply had to stop like other merchandise. Some plants would shut out. We expect more tomorrow.

Third, gas must be found and held in readiness to meet the uncertainty of the wells and pools, which sometimes give out over night. This means a large investment in wells, lines and other facilities many months in advance of their use.

Fourth, provision must be made for the growth of communities. All want gas. The newcomer does not expect to wait. Consequently he must be provided for long before he asks.

All these things are service, as contrasted with the mere sale of the commodity. They are the expensive part of supplying gas. Equally with the investment of a huge sum, they require foresight and engineering ability of a high order. Only by the exercise of forethought and the free investment of millions can the gas supply be kept up to your demands.

Girls from Dormitory on Persimmon Hunt

Saturday afternoon a group of the dormitory girls, accompanied by Mrs. Curry and Miss Cousins, hiked to the persimmon grove in search of that delicious fruit.

A stop was made at the poor farm, and after a few minutes' visit with the residents the girls continued on their way. It seemed that luck was against them, for there were very few persimmons to be found. However, some pecan trees nearby offered great opportunity, and the girls returned home with pockets and hats loaded with pecans.

ETIQUETTE TALKS ARE GIVEN TWICE WEEKLY

Mr. Curry has instituted a plan for having weekly etiquette talks in the dining room. At noon each Tuesday a short talk is given after the meal. One week a boy talks, and the next week a talk is given by a girl. Truett Wilson made the first talk. The girls appointed Hazel Alexander to represent them. After she had finished her talk, Mr. Curry had everyone practice getting in his chair from the left side. It is hoped that from now on there will be no more collisions.

Mr. Curry has decided that the demand for etiquette is greater than the supply, and he has asked the students to give two talks a week instead of one. "Puny" Malone gave the talk Friday. He gave us much helpful advice, for instance: How to arrange the various forks, spoons and knives on the table; how to eat strawberries correctly; how to eat corn on the cob; the proper way to eat baked potatoes; and the position of the spoon in the saucer after stirring the coffee. The students may not have a use for part of this information at present, but will remember it for future use. In the next talk made will the speaker please inform R. O. Burt how to eat mushrooms and tell "Red" Rennels how to eat shillee out of a large sugar bowl?

Books for Future Use.

The students of the history department, under the leadership of their able teacher, Mr. Gettys, are ordering about sixty of the latest and best volumes of history. The students themselves are paying for these books, and donating them to the college library.

This gift will not only be of value to the givers themselves, but to students who may be in the department from year to year.

A Worthy Work for Worthy Students.

The Women's Missionary Union of Wise county have this year started a Student Loan fund for Decatur College. Worthy boys or girls may, on conditions, borrow from this fund, and attend the college. Of course, the fund is small yet, being something near one hundred and twenty-five dollars.

Just this week, there came a check of \$250.00 to be added to this fund from Mrs. Esther M. Wolf of Olney. Mrs. Wolfe's son, Willie D., graduated here several years ago and her daughter, Miss Mary Wolf, attended the college only four or five years ago.

This gift will be a great blessing to boys and girls who want to go to school and can not for lack of funds.

After the Repairs Are Over.

This week of warm, sunshiny weather has been very acceptable on College Hill.

The heating plant is undergoing extensive repairs, which requires several days' work. After this work is finished, we hope to be ready for cold weather.

Honoring Unselfish Service.

There are two ex-service men in Ward Hall—Joyce Williams and J. C. Granstaff. They were recognized at chapel on the morning of November 11th, and each of them made a short talk.

Joyce Williams was on a submarine chaser for over two years, making five trips across the ocean in the convoy of big ocean liners filled with doughboys, bound for France. J. C. Granstaff spent five months in France and six months in Germany.

Indian Backers Who Count.

Mr. and Mrs. G. N. Cox of Henrietta, attended the Decatur-Meridian football game Friday, November 13th. They believe in the Indians and back them up to the hilt.

SEEK INTER-COLLEGE DEBATING MATCHES

During the past week, several challenges have been sent to junior and senior colleges of this part of the state. It is the hope of those interested in inter-collegiate debates that a combat be dated for the immediate future here at D. B. C.

The following plan was used to select the ones to represent the college in this important work: Each literary society, of which there are two, with their respective sister-society, was told about the plans being sponsored by Professor Jones in the interest of the societies and each was asked to select a man to represent their society in the school team.

Some time ago, the Philomathian and Athenaeus met in joint session and unanimously selected their president, Bailey Rennels, to carry the black and gold over the palaver goal line. Mr. Rennels was an effective member of the Philo team last June, debating the Fro representatives, and on a number of occasions, proved to be capable speaker. Proof of this statement may be had by asking some of the students who heard him in chapel Tuesday morning.

Burroughs A. Waltrip, Crossophian, is the other member of the team.

No answers have been received from these challenged schools as yet, but it is very probable that word will come from them in the next few days.

There are many reasons to be given for entering the circle of inter-collegiate debate: First, the advertising value is worth consideration, for debating emphasizes the literary side of school activities as athletics does the physical; second, the spirit of cooperation and friendship which these debates cause to exist among schools is beneficial to the cause of education; third, the individual development of the debaters themselves is a life-long benefit.

The way for Decatur College to produce a winning team of debaters is for the students to encourage the debaters and expect them to win, but in fact, also that they win.

This year's work in this field of student activity should be used as a foundation for the years to come.

The work should be recognized part of student life as much as athletics, because it serves the same purpose exactly in a different field.

Many here this year uninterested will no doubt be eager to seize the opportunities offered next year. Then, too, there will be more and maybe better material from the high schools of the sectioned state.

D. B. C.-ITES WITNESS GAME AT ARLINGTON

A number of the college students went to Arlington, Friday, November 13th, to see the football game between D. B. C. and Grubbs.

The entire student body had made plans to make the trip, but due to bad weather it was impossible to carry out their plans. A very thrilling game was played. Although our boys made more first downs, we were beaten with a final score of 7 to 0.

Misses Louise and Elsie Chartman and Turner Griffin visited Miss S. C. Robinson at the dormitory Sunday.

INDIANS BEAT MERIDIAN 14 TO 6 IN THIRD CONFERENCE GAME OF YEAR

MERIDIAN		D. B. C.
Ringer	Cox	
	Left End	Barksdale
R. Smith	Left Tackle	Lewis
Gray	Left Guard	B. Taylor
Moorman	Center	Hodgkins
Erwin	Right Guard	Waller
Olenburg	Right Tackle	Douglas
Mills	Right End	Moore
Coffman	Quarter	P. Taylor
Bellew	Left Half	Ford
Cochran	Right Half	Scott
C. Smith	Full	

Officials: Phillips (Decatur Normal) referee; Haffines (Georgia Tech) umpire; Reed (Decatur Normal) head linesman.

Substitutions: Decatur: Harris for Hodgkins, J. Williams for Cox, C. Williams for Ford.

Plowing the line with a vengeance and skirting the ends spectacularly, the D. B. C. Indians, with Pat Taylor and Barksdale in the vanguard, put over two touchdowns in the third quarter, which were enough to humble the Meridian Cougars by a count of 14 to 6, on the local grid Friday, November 13th.

Meridian's lone touchdown came in the middle of the fourth period, by way of long, well thrown, well caught passes, which carried the ball from their 20 yard line across the marker. This rally was the only real threat on the Indian goal, although the passing game of the visitors glowed brilliantly on other occasions, and accounted for practically all the yardage they were able to obtain.

Weight meant very little in the game, for the heavy Meridian tackles and ends couldn't get to the speedy running attacks of the tomahawking backs. Decatur upheld her reputation as one of the fastest moving elevens in the junior college division, and it was this swift attack that decided the game's outcome.

In the first period things looked rather raw for the Red Men, who, while having a slight edge, were compelled to punt often, and had to face an offensive game which made some believe that at the session for the afternoon would result.

The brisk wind made punting to the south erratic and both teams pulled some sick punts, which traveled no more than five or ten yards, although punts with the wind were often made for fifty or more yards.

The side lines were given a run for their money, even between Indians, when twenty white-shirted, red-sweat-clothed campers from Meridian made a pretty much across the field, chain line, "right" line, through near plays. After completely impressing the onlookers with the fact that the "right" line, the young raiders proceeded to dirty their fly white gowns by forming a perfect toe-to-finger "M" on the grid. It was shameful that such pep couldn't have been rewarded by more than six punts.

Barksdale, the Chico product, who had fuddled opponents on the basketball court last year, continues to humiliate tacklers on the gridiron, and

this twisting, lightning-like tackle-back plunging bid fair to make him the D. B. C. pigskin ace for the year—if he has not already attained that distinction. Friday he was the outstanding offensive threat of the game, often eluding five or six tacklers and making gains for five, six, seven or more yards, and accounting chiefly for one of the Indian touchdowns.

Pat Taylor also played a whale of a game. It was Pat who led the march for the first tally made by the black and gold, and it was him who carried the ball over within the third minute of the third quarter. His end runs were seldom squelched by the Cougar before he had reeled off several yards, and his tackles knocked many a Cougar dash through the line into smithereens.

STUDENTS PLAN HOME TRIPS ON TURKEY DAY

There are many things which we are thankful for, but that which is uppermost in the hearts of the dormitory students is "home." Home means to us a place of family gathering. Our dear old parents and love; and there is not one of us who does not appreciate all these.

Thanksgiving does not mean merely a "turkey dinner and all the fixings," but a joyous day of true thanksgiving and home-coming for those away from home.

The majority of the dormitory students are planning to go home for the Thanksgiving holidays, and because several have to go quite a distance, an extra day has been granted them so that they might reach home before Thursday. However, there are a few students who will not be able to go home, but Mr. and Mrs. Curry and Mr. and Mrs. Jones will do their part in helping them feel at home, and in making Thursday a day of real pleasure for them.

Special Workers' Band.

The special workers' band met on Wednesday, November 11th. No special program was rendered, but a business meeting was held. Great blessings are received from the prayers given in these meetings.

A group of students went to Synanon last Sunday afternoon for a service. A missionary program was given. A right good crowd was present, and a good service was had.

Miss Velma Cousins and Miss Marie Belle Fleming visited at the home of Miss Fleming at Haskell, Wednesday.

FINE PEP SQUAD IS NO LONGER MERE DREAM

Get the step, get the pep, fall in line with the classiest pep squad in Texas for a junior college.

We've got it,
Won't lose it,
We surely do use it.
Our pep, our pep.

This issue of the Chieftain is the Thanksgiving number primarily, but also one on, for and with Pep. And this is the reason why: Organized pep is coming in for its own on college hill. The girls are drilling to beat the band on several formation drills and the boys add lusty-throated noise to all the commotion.

The work of the young ladies is under the able direction of Miss Velma Cousins and the boys are led by Truett Wilson.

Both groups are uniformed and trained in the art of yelling to a fine degree. This will add much to the spirit of fight in D. B. C. athletics, of which there is already a well-known amount.

The directors now plan to take the squad to the games away from home if the individual grades make each member eligible for the trip. Who won't dig a little harder to make the trips planned for the Indian Whoopers? A dead stump is about the only thing which would not be expected to show signs of interest. It may be that a stump puller can be found to extract them.

Yes, we have pep!

Street Service.

Street services are being held under the direction of the special workers' band. In the services Saturday afternoon, November 7th, Rev. Bell spoke. Quite a number of college students helped in the singing, and a fine crowd gathered to hear him speak. No one knows how much can be accomplished from these meetings.

New C. of C. Sweaters Arrive During Week

Friday morning of last week the new Chamber of Commerce sweaters arrived, to the joy of all the members. Our school is proud of this bunch all the time, but especially when they are distinguished by their pretty gold sweaters trimmed in black at the neck, and the black letters, "C. C.," in front.

You are hereby commanded to cause to be published in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county, at least once a week for ten days previous to the return day hereof, the following notice:

The State of Texas. To all persons interested in the welfare of Fred Ash and Fay Ash, minors, Mrs. Sarah Arwine was, by the county court of Wise county, Texas, on the 12th day of November, A. D. 1925, duly appointed temporary guardian of the persons and estate of said minors, which appointment will be made permanent, unless the same shall be successfully contested at the next term of said court, commencing on the first Monday in January, A. D. 1926, at the court house thereof, in Decatur, at which time all persons interested in the welfare of said minors may appear and contest such appointment, if they so desire.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Decatur, this 12th day of November, A. D. 1925. Ruth Bellew, Clerk County Court, Wise County, Texas. By G. S. Blewett, Deputy. Nov 20 27

A \$50,000 MERCHANDISE SACRIFICE

JIM B. THOMAS throws his entire stock of high grade merchandise on the bargain block at the mercy of the buying public, and gives his profits to his friends and customers in the greatest price cutting sale of his twenty-five years of serving the good people of this trade territory. And the folks all know that when Jim B. Thomas cuts prices he cuts them deep and wide — and he is putting forth every effort to make this the supreme bargain event of his entire career. This is a sale where every price is a cut price — not a single article in this immense stock will miss the price cutting knife, even though time and space will allow only a very few of the many bargains we are offering to the buying public. You can rest assured that the prices through-out this entire stock will not be duplicated again this season. Remember, this is not a sale with a few leaders to bait you in, but a store-wide bargain carnival that will save thousands of dollars for the bargainseeking masses.
